

A place to escape.

Enjoy water sports, fishing, swimming, golf and biking.

This majestic queen is located high upon a hill overlooking beautiful Torch Lake. Allow us to pamper you with gracious hospitality and our delicious full breakfast. Step outside on our expansive deck and enjoy the cool breezes that Torch provides or stay in and curl up in front of the 19 foot stone wall fireplace.

Our tranquil grounds provide water and expansive open views, at night, stargaze while soaking in our bubbling hot tub. The sunroom is spectacular and we offer a stocked library for you to browse through.

At the end of the day you'll retire to your private room featuring a beautiful king sized bed decked in designer sheets, a flat screen TV with cable, DVD and CD player and in room refrigerator. Your own bath gives you total privacy. The private deck is also another great spot for stargazing

Relax and be pampered!

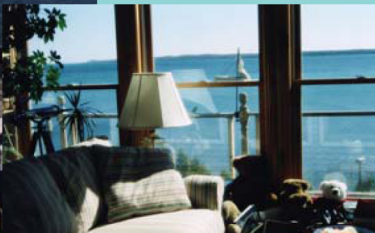

Torch Lake the way you've always dreamed it would be. Our spacious and charming home provides spectacular views. This majestic queen is located high upon a hill overlooking beautiful Torch Lake, listed by National Geographic as being the third most beautiful lake in the world.

We are centrally located between Traverse City and Petoskey. This area offers many opportunities for shopping and antiquing.

Visit for a night or a fortnight. Relax in front of the 20 foot stone fireplace with a good book from our library or enjoy star gazing into a spectacular northern Michigan sky. In the morning, start your day with a wonderful, tantalizing full breakfast in our sunroom or in our dining room.

Spring in the north is spectacular. The fragrances and color of cherry, apple, and peach blossoms are magnificent. Watching the wild flowers come back to life after a long winters hibernation is amazing. Searching for Morel mushrooms is a wonderful way to enjoy a walk through the woods.

In the summer, northern Michigan is a paradise for the water enthusiast. Enjoy fishing and swimming in Torch Lake. Lake Michigan's beaches are just minutes away. Boating on Torch is so beautiful, consider bringing your own boat and enjoy the clean aqua color water of Torch Lake.

In the fall we are the perfect location for fall color tours. East Torch Lake Drive is one of the designated routes for color tours as listed by Traverse Magazine. Enjoy the magnificent colors given to you as a gift from nature.

Michigan is famous for skiing and other winter sports. Nearby Shanty Creek Resort offers skiing, downhill and cross country, snow boarding, and tubing. On a starry winter night, enjoy a Guided Winter Rafting Dinner Trip down the Jordan River. Snow shoeing may be added to this tour.

Please allow Torch Lake Bed & Breakfast the opportunity to help you discover your own special place for relaxing and rejuvenating. This is a non-smoking home with a lovable pet!
