Channel Lodge

The Observation Dock

Located right on the Swinomish Channel, the views from our private Observation Dock are unmatched in La Conner. If you're looking for atmosphere to set the mood for your intimate wedding or corporate party, this gem is ideal. Our spacious 15.6'x40' dock can accommodate five 60" round tables with eight people around each table. Or if you dream about getting married right on the water, we can seat up to 84 people here! We outfit the dock with a white tent to shield guests from the sun, so guests remain comfortable. And best of all, we work to customize this space to your event. Hello, destination wedding!
