	Memorial Day					

"Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Matthew 5:16 This is our theme for next year! I am so excited. Jesus commanded us to be a light in the world. My prayer is that we may be able to focus on teaching the students what this means and how to accomplish it. There is so much darkness surrounding us everyday through, television, phones, tablets, movies, music, and even friends. Our students need to know how to resist these influences and be the light in the darkness.

Hey parents, I know that graduation is May 4th, but there is still school until May 14th. The Seniors are the only folks that will be finished with school after graduation! We still have a little information to teach and we want to make sure we fill them with everything they need for next year. Also, please make sure that your children read over the summer and do some math so that the summer slide does not get them. The library has many events or at least they used to before COVID. Check it out. Also, there are many on-line games that work on phonics, comprehension, sequencing, adding, subtracting, multiplying and dividing. Play, relax and have fun, but use it - don't lose it. Have a great summer and come back ready for a great year next year.
